

Thank you for your interest in being part of our team this summer at Bair Lake Bible Camp! We are excited about the ways God will work in 2012 through our summer camp program. As we build our team, we are looking for summer staff members that are excited about serving Jesus in a Christian Camping environment. We believe God has given us an amazing opportunity to touch kid's lives through one-on-one relationships as we pour Christ's love into them.

This summer's theme is **APPROVED** based out of 2 Tim. 2:15 discussing what it means to be an **approved** worker for God. As we challenge the campers not to be ashamed in who they are in Christ we will also challenge you to present yourself to God as one **approved**, who is not ashamed, and who rightly handles the word of truth. We are excited to see God use this theme in mighty ways this summer.

As a summer staffer, not only do you get to build into others' lives, but we want to build into your life as well. Our goal is that YOU would grow closer to God as well over the summer as you serve here. If this excites you, Bair Lake Bible Camp may be where you need to be this summer!

Included in this packet are: Staff Application, Questions (please complete the appropriate ones), and three (3) Reference forms to be filled out by others and sent back to us. Please fully read and complete all the information to the best of your ability. You will be contacted after all your information has been received and we begin processing applications. We recommend completing this process ASAP, interviews will begin mid January.

Thank you for considering Bair Lake as your place of ministry this summer. Please be in prayer as to how you may fit on the team. I look forward to hearing from you soon!!

Thank you,

Eric Sandberg
Program Director
2 Tim 2:15
